

EB-U50

DATASHEET / BROCHURE

This white signage projector offers an inconspicuous design, simple installation and operation, and is ideal for retail, galleries and museums.

A versatile 3,700 lumens, WUXGA-resolution digital signage projector that's economical and space-friendly. It benefits from an understated, clean, white, edge-free design that blends beautifully into most environments, without distracting viewers from the content. Also, its versatility and reliability provide users with many mounting options and fit-and-forget peace of mind.

Affordable

The most affordable device in Epson's signage projector range. It's lamp-based (not laser) and boasts a low total cost of ownership (TCO). The lamps and filters have a longer life than other lamp-based projectors, with a lamp life of 10,000 hours in normal mode and 17,000 hours in Eco Mode. The filter has a 10,000-hour maintenance cycle.¹

Image quality

3LCD technology ensures the projection of bright and vivid imagery.

Easy to install and use

Low TCO runs through every element of the EB-U50... starting with the simplicity and flexibility of installation. It can be easily installed and attached to a lighting track, ceiling mounted or used in a floor-standing position.² The EB-U50 also rotates 360 degrees horizontally and 30 degrees vertically.

Unobtrusive design

The EB-U50 is space-friendly, understated, clean, white, edge-free, and blends beautifully into most environments.

Flexibility

Epson Projector Content Manager Software allows quick, easy set-up without specialist installation. Playback is PC-free (with built-in Wi-Fi), via a USB drive and can be changed using the remote control. The EB-U50 also includes multi-projection features to allow edge blending, display scaled images, adjust multiple projected images, and synchronise playback.
