

SMS ICON WAYFINDER

Showing the way

The SMS Icon Wayfinder is a simple, yet elegant solution for a wide range of applications. This floorstand is the perfect match for touch displays helping visitors find their way around indoor environments such as stores, hospitals, offices, or trade shows. The ideal tool to make shopping experiences more interactive, or to help with automated customer service and immersive experiences.

The SMS Icon Wayfinder 200 fits touch displays with VESA 100 x 100 and 200 x 200. The Icon Wayfinder 400 fits touch displays with VESA 300 x 300 and 400 x 400.

The pillar length is 1240 mm and cables can be routed through the stand for a clean and elegant installation.

Finish: Anthracite Grey.
